Experience

Software Developer

DgCrux Technology Pvt. Ltd.

May 2025 – Present

- **AIQP:** Architected an AI question-paper platform featuring **PDF parsing with diagram support**, AI-driven question generation, question bookmarking, syllabus/question-bank management, and duplicate detection, built on **Python, FastAPI & OpenAI**.
- **Proctor AI:** Built real-time exam-proctoring capabilities — live noise detection, Socket.IO-based communication, and activity-flag detection — powered by **Google MediaPipe**.
- **EmpQuick:** Developed an AI-driven job portal enabling **resume parsing, AI-based resume scoring, job matching, and one-click Easy Apply**.
- **Civils Adda:** Delivered a government exam web/mobile platform covering test workflows, results, rankings, scheduling, and **Firebase push notifications**.
- **Balmukund Super Steel & Asbestos:** Built and maintain Android/iOS apps serving six role-based user types (**Admin, Sales, Dealer, Distributor, Mason, Employee**), covering attendance, leave, orders, notifications, and paginated APIs; integrated **WhatsApp ordering via AiSensy** with automated order/attendance/leave alerts.
- **Recruitment Portals (AIIMS Patna & FTII):** Built backend APIs and candidate workflows in **Spring Boot** for AIIMS Patna, and developed UI and backend functionality in **React.js, Node.js & REST APIs** for FTII.
- **Goal Website:** Integrated an **AI chatbot deployed on DigitalOcean** into the site's existing workflow.
- Improved production performance across applications through **API optimization, pagination, and database query tuning**.
- **FindTeacher & Ezamu:** Own end-to-end Android/iOS delivery — production builds, API integration, and **App Store releases**.
